## About Alfs Cycle

Alf's Cycles is an independent bicycle shop based in Hatfield, serving the local community with reliable bikes, expert repairs, and honest advice. We are passionate about cycling and believe it should be accessible, safe, and enjoyable for everyone, regardless of experience or ability.

## Our Story

ALF'S CYCLES

Founded by lifelong cyclist Alf Turner, Alf's Cycles began as a small repair shop and has grown into a trusted local business. Over the years, we have built strong relationships with our customers by focusing on quality workmanship and friendly service rather than sales pressure. Our aim has always been to create a welcoming space where people feel comfortable asking questions and learning more about cycling.

## What we stand for

01

**Quality** – We carefully select our products and take pride in our repair work

02

**Honesty** – Clear advice and fair pricing with no hidden costs

03

**Community** – Supporting local riders and encouraging sustainable travel

04

**Service** – Treating every customer and every bike with care

## Services We provide

At Alf's Cycles, we provide professional bicycle servicing and repairs to keep your bike safe, reliable, and comfortable to ride. All work is carried out by experienced mechanics using quality tools and parts.

# ALF'S CYCLES

## Our Services

### Bike Servicing

Regular servicing helps extend the life of your bike and improves performance. We offer a range of service options depending on your needs.

Our servicing includes:

- Safety checks
- Brake and gear adjustments
- Chain lubrication
- Tyre inspection and inflation

### Repairs

We handle both minor and major bike repairs and aim to return bikes as quickly as possible.

Common repairs include:

- Puncture repairs
- Brake replacement and adjustment
- Gear tuning
- Chain and cassette replacement

### Safety Checks

If you are unsure about the condition of your bike, we offer basic safety checks to ensure it is roadworthy. This service is ideal before long rides or after extended storage.
